#### Dealing with bullies Part 3

What do you do if someone is bullying you?

We are going to practice ways to deal with bullying by using "The Five Rules of Personal Safety." They are:

- Use your mind : It is perfectly fine to avoid people who are treating you disrespectfully. If you know that they hang out in a certain place at a particular time and it's easy for you to avoid the area then don't go there.
- Use your words: Look them right in the eye and ask them why they are treating you this way. Tell them to stop in a clear, firm voice. Use their name. It adds power
- Use your legs: If you believe that the person is about to hit you, it's ok to run to safety. Especially if it's a person who you are not likely to see again. Running to stay safe is not being a coward.
- Ask for help: Talk to a trusted adult to get advice and help if you need to.
- Defend yourself: If other means have failed, you have a right to physically protect yourself. Use what you've learned here. Only fight until you are safe and report it to a trusted adult.
